

Product Identification

- **Product:** Pork Crackling Meal
- **Label:** Nutritec
- **Product registration number:** RS 004183-1.000005

Product Description

General Description: Pork crackling meal is a product obtained from the cooking, pressing, and grinding of raw pork skin, raw pork mask, and pork cracklings.

Physical Properties of the product

- **Characteristics:** Powdery
- **Color:** Light to dark Yellow
- **Odor:** Typical of pork crackling meal

Product Classification and use

Animal-origin ingredient intended for the manufacture of feed for poultry, swine, fish, dogs, and cats, except ruminants.

Transportation

The product may be shipped in 40 HC containers or transported nationally in vehicles with previously sanitized and well-maintained cargo bodies, covered with tarpaulins. The shipment will be accompanied by the product labeling, containing the manufacturing date, expiration date, and production batch, as well as the invoice and the analytical report.

Nutritional Composition

PARAMETERS	STANDARD
Umidity (Max.)	60,0 g/kg
Crude Protein (Min.)	750,0 g/kg
Ethereal Extract (Min.)	100,0 g/kg
Mineral Matter (Max.)	40,0 g/kg
Acidity Index (Max.)	6,0 mg NaOH ₂ /g on sample
Peroxide Value (Max.)	5,0 meq O ₂ /kg on sample
Particle Size (Max.)	0,00% retained on 10 mm sieve 2,00% retained on 5 mm sieve 5,00% retained on 2 mm sieve

Microbiological

MICROORGANISM	STANDARD
<i>Salmonela spp.</i>	Absent in em 25 g
